30 Accidents in Area, 16 Persons Sustain Injuries

Quad-City weekend traffic brought one fatality, 16 injury cases and a total of 30 collisions. The death and three injuries are reported in a separate article in this issue. The remainder included four two-injury crashes and five accidents in each of which one person was hurt.

Mrs. Laverne Finnell, 50, of 2255 Bryan avenue, and her husband, Lee, 61, were injured in a crash about 1:30 p.m. Saturday when an auto made a left turn in front of her northbound car at the dangerous intersection of Route 3 and Chain of Rocks road.

Mrs. Finnell suffered bruises to her left hip, and her husband, a Granite City Steel Co. employee, was given hospital treatment for abrasions to his right knee. The other auto was traveling south on Route 3 when the driver, William Mitchell, St. Louis, made a left turn in front of her car, Mrs. Finnell said.

A Granite City motorist, Sharon Yodis, 19, of 2204 Orville avenue, was hurt when her auto left the pavement of Route 64 about 1 1/2 miles east of Route 159 and went into a ditch at 1:45 a.m. Sunday. Also hurt was a passenger, Nancy Plesetta, 20, of Collinsville.

State police said they were taken to Belleville Memorial Hospital for treatment of bruises and abrasions.

Two persons were injured in a crash at 6:10 p.m. Sunday on Jil avenue at Wayne avenue involving a pickup truck driven by Ronald M. Barrie, 1912 Joy avenue, and autos of Dorothy M. Moore, 1929 St. Clair avenue, and Harold L. Kite of East St. Louis.

The Kite auto went into a spin and struck a utility pole and the garage of Donald Hayes, 3201 Wayne avenue. The auto, a 1959 model, was demolished.

Taken to St. Elizabeth Hospital was Debbie Kite, 14, of East St. Louis, who was admitted with multiple abrasions and contusions. Clayton D. House, 18, of East St. Louis, another passenger in the Kite auto, suffered minor injuries. Kite was charged with driving with improper headlights and was summoned for a hearing by Feb. 15.

Officials of the local said they did not know the current status of the dispute. The walkouts were unofficial and on an individual basis, the local explained.

Weather conditions today prevented 30 equipment operators from returning to the railroad overpass project on Federal Aid Route 151 west of Granite City. They left their jobs Thursday.

Later in 1965. As a result, St. Clair county tax distributions to the levee district in 1965 amounted to \$1,811,708, double the usual figure.

Quad-City area distributions of 1964 taxes during the 1965 operating year continued on a normal basis and amounted to \$935,323.

Thus, for the two-year operating period of 1964 and 1965 total tax distribution from Madison county amounted to \$1,852,825, just a few thousand dollars more than the distribution of \$1,881,615 by St. Clair county tax collectors.

Madison Taxes Higher

The 1966 annual report made public by the levee district last week shows that during the 1965 year recently ended, tax collectors of the four Quad-City townships and the Madison county collector distributed to the levee district \$969,326, compared to \$877,490 received by the district from St. Clair county.

The bulk of these payments from both counties represented 1965 taxes collected in 1965. Major portion of the Quad-City levee district taxes is paid by Granite City taxpayers. Records show that levee taxes for the 1965 year paid in 1964 in Granite City amounted to \$811,333. While this total fell off slightly to \$595,543 for the 1964 year paid in 1965, it rebounded for the 1965 year collected in 1966 to a total of \$655,492.

Settlements of other Quad-City townships contributing toward operation of the levee district included:

Nameoki Tax Up

Nameoki township—1963 taxes collected in 1964, total of \$84,222; 1964 taxes collected in 1965, total of \$76,548; 1965 taxes collected in 1966, total of \$98,635.

TV Set Catches Fire

A burned out transformer was blamed for \$50 fire damage about midnight Saturday at the home of Robert T. Byrne, 2312 St. Clair avenue. Firemen from Stations 2 and 3 answered the alarm.

Collected in 1964, total of \$26,634; 1964 taxes collected in 1965, total of \$19,837; 1965 taxes collected in 1966, total of \$124,036.

Chouteau township—1963 taxes collected in 1964, total of \$7042; 1964 taxes collected in 1965, total of \$7099; 1965 taxes collected in 1966, total of \$8020.

Collinsville and Edwardsville townships also pay taxes to the levee district, but the amounts are small, amounting to around \$200 per year for Edwardsville township and around \$300 per year for Collinsville township.

The 1967 budget of the levee district calling for expenditure of \$82,900 out of the general fund and payment of \$1,002,900 in bond principal and interest during the current year was approved at a routine public hearing in the levee district offices at 10 a.m. Friday. The levee district board also approved the 1967 annual appropriation ordinance.

Both the appropriation bill and budget are published in today's issue.

County Grand Jurors Object To Publication of Own Names

The Madison county grand jury objected to publication of names of its members when the jury was impaneled last month in Edwardsville.

In a special brief report to Circuit Judge James O. Monroe Jr. Friday, it recommended that in the future that names and addresses of jury members not be released to news agency.

The Press-Record listed names, without home addresses, of Quad-City area members of the panel. One of the grand jurors from Granite City told the Press-Record that he saw no objection to the publication and that he took pride in serving on the jury.

The report was one of four issued by the jury for other than criminal investigations. It recommended that "dead or inactive" records at the county jail and tuberculosis sanatorium be microfilmed and that original records be destroyed to provide adequate office space and reduce fire hazards at the two institutions.

Wood frames around windows at the jail should be inspected

Miss Viola Berries, 23, of East St. Louis, was shot twice while in the Village Tavern in Eagle Acres Park at about 12:45 a.m. Saturday, the sheriff's office reported.

Booker Layton, 28, of Eagle Park Acres, said he had been with Miss Berries earlier and had left her. When he returned, she was gone and he found that his house was broken open. Authorities are seeking a suspect in the case.

THE CRISIS THAT WASN'T

Today, there are many quick victories over disease. Each might be described as a crisis that didn't quite happen — thanks to today's superior medicinal agents.

Modern medicines prescribed by your physician score amazing triumphs over diseases which, only a decade ago, were almost certain to become dangerously serious.

Present-day pharmaceuticals, such as the antibiotics, require complex equipment, intricate controls and highly skilled technicians for production. Although somewhat higher in cost, they actually are an investment in economy. They effect an earlier cure and cut down expensive sick-bed time.

We are staffed and equipped to fill your doctor's prescriptions promptly at prices that are fair.

MRS. JOSEPH A. SYMANSKI (Mary Anna Ulfers) a daughter of Mr. and Mrs. John W. Ulfers sr., of Edwardsville, formerly of Madison, who was married Saturday morning at St. Mary's Catholic Church in Westville, Ill.

Miss Mary Anna Ulfers Is Bride of Joseph Symanski

Miss Mary Anna Ulfers, a daughter of Mr. and Mrs. John W. Ulfers sr., former Madisonians now residing on East Lake drive, Edwardsville, Ill., was married to Joseph A. Symanski of Westville, Ill., Saturday morning in a ceremony taking place at St. Mary's Church in Westville.

Arrangements of white roses decorated the altar for the 11:30 Nuptial Mass at which Msgr. Siegel officiated. The doubling ceremony was used and music for the wedding was furnished by the church choir.

The bride was given in marriage by her father.

Her period gown of ivory silk peau de soie was traditionally Louis V with long sleeves tapering to points at the hands and a princess cut front from shoulder to floor.

The bodice, closed with fabric buttons, featured a cameo neckline and the skirt, narrow at the waist and very wide at the hem in a double-gored pattern, had a fan shaped cut-throat train fastened at the waist under a two-dimensional padded Alencon lace motif which traced a line from the Empire waist in front and back.

The lace was beaded and hung with diadem boric crystals. A band of the same trim held in place the bride's cathedral-length double width veil imported silk illusion, extending beyond the silk train.

White and pink tea roses, white hyacinths, statice and ivy were combined in the round bouquet carried by the bride.

Attendants for the bride were Mrs. Andrew W. Symanski of Tomah, Wisc., a sister-in-law of the bridegroom, as matron of honor, and Mrs. John W. Ulfers jr., Alton, the bride's sister-in-law, Miss Donna Pratt, Farmington, Mo., a college roommate, daughter of Mr. and Mrs. John W. Ulfers sr., former Madisonians now residing on East Lake drive, Edwardsville, Ill., another cousin of the groom, bridesmaid.

They were dressed alike in floor-length gowns of dark brown velvet with Empire waistlines and overskirts of white silk organza trimmed with Cluney lace at the hemlines.

Matching lace gathered in fan shape with dark brown velvet bows formed the headpieces and they carried round bouquets of pink tea roses, pink hyacinths, pink statice and ivy.

A flower girl, Susan Gwiner of Edwardsville, a cousin of the bridegroom, also was dressed in dark brown velvet trimmed with white lace and a headpiece like those of the older girls. She carried a basket of pink rose petals. Peter Gwiner served as ring bearer.

The bridegroom had his brother, Capt. Andrew W. Symanski of Tomah, Wisc., as his best man. They are sons of Mr. and Mrs. Andrew I. Symanski of Westville. Groomsman included John W. Ulfers jr., Henry Symanski and Michael Symanski, of Catlin, Ill., cousins of the bridegroom, and David Schubert of St. Louis.

For her daughter's wedding Mrs. Ulfers chose a champagne suit dress and brown accessories, while the bridegroom's mother wore a plum colored costume and plum accessories.

A reception was held in the evening at the Knights of Columbus hall in Danville, assisting were Mrs. Melva Naffziger and Mrs. Gail Buehner of Granite City and Miss Gretchen Propech of Peoria.

The former Miss Ulfers, a member of the faculty of Coolidge junior high school, received degrees from Central Methodist College in Fayette, Mo., and Southern Illinois University Western campus.

Mr. Symanski is a resident counselor at the Breckenridge Job Corps Center in Morganford, Ky. He attended Eastern Illinois University, Charleston, and received a BA degree in psychology from SIU-SW.

Reembroidered Alencon lace was applied in a wide panel on the skirt front and a band of lace encircled the waistline. The train, which started with unpressed pleats at the back waistline, was adorned with sprays of the lace. Small medallions accented the points of the sleeves, and seed pearls on the lace added interest to the gown. A flat satin bow finished the back waistline.

Trojans Clinch MW Title Tie; Ramble Over Roxana 91-55

The unbeaten Madison Trojans, assured of at least a tie in Midwestern basketball conference championship honors, recorded their 18th win by walloping the Roxana Shells 91-55 on the Trojan court Friday night.

Roxana is slated to play Madison in the Illinois High School Association regional tournaments Feb. 27-March 2.

The Trojans, who lost two players to five-foul totals, were described by Earl McClanahan, Trojan coach, as aggressive and playing their best defensive game since early in the season. Trojans who fouled out were Steve Geroff and Gary Lusk.

Lusk managed to pour in 31 points before fouling out in the fourth quarter.

Coach McClanahan commended Geroff for his playing during the game, before fouling out in the final period.

Two Roxana Shells also were sent to the bench. Tim Nunn in the third period and Shuler early in the fourth.

And They Rambled

It was a ramble from the beginning, with the Trojans jumping ahead 21-12 at the first period and expanding their lead to 46-24 at the half and 71-42 after three periods.

Evidence of the superior defensive game played by Madison was four straight ball steals by the Trojans at one point in the third period. Roxana also lost the ball 16 times on bad passes and 11 times on violations and because of the defensive prowess of the Trojans.

The Trojans sank 35 out of 74 shots from the field for 47%, and the Shells sank 22 out of 59 shots from the field for 37%. On the line the Trojans made 21 out of 30 charity shots for 70%, and the Shells made 11 out of 20 for 55%.

Control of the boards by Madison was aided by Albert Boyd who picked off 10 offensive rebounds from a particular Granite City park district basketball program team before the 1967 season began, it was announced today by Park Supt. Harold Brown.

To initiate the release a "Player's Release Form" should be filled out at the park district office at Wilson Park. Brown said no explanation is necessary, but the form has to be completed in order for the player to change teams.

"We want to make sure that every parent or manager knows he can change a player to another team if he chooses to do so," Brown said.

Once the form is completed, the player is eligible to play on any team where he can find an available position, or he can wait and be assigned after a pre-season drawing of names.

Red Devils Drop MCM Game to Livingston 60-58

The Venice Red Devils, dependent over a loss to MCM, dropped their game to Livingston 60-58 Friday on the Livingston court.

"We shouldn't have lost, but we couldn't get with it," Bill Ohlendorf, Venice coach, told the Press-Record. The Red Devils also played without one of its starters, John Gardner, who is ill with a flu virus. Another Red Devil, Greg Puent, feeling sick, managed to play only four minutes.

Gardner, who is responsible for about 25% of the Red Devils scoring punch and is key board man, also draws the defensive efforts of opposing teams away from star Venice scorer Ray Essington in normal play. "With Gardner gone, the pressure was doubly applied on Essington—plus we didn't have the board strength we normally do," Ohlendorf said.

Despite these drawbacks, the Red Devils threatened at several times in the games. Venice led in the opening moments of the game, but three bad passes allowed Livingston to capitalize and edge ahead. But the first period ended in a tie 15-15. During second quarter play, board problems cropped up and the Red Devils fell behind at the half 25-23. A third quarter saw Venice behind nine points with a third period score at the post totaling 40-40.

A scoring rally put the Red Devils within reach of a tie or win late in the final period, and with two minutes to go the Red Devils turned on power to try and overcome a two-point Livingston lead.

But, two final layup attempts failed as the game ended. Essington led in Venice scoring with 21 points, followed by Stan Young with nine points. Lloyd Harper, Greg Puent, Tom MacIntosh and Jim Miller all had four points each and Denny Hill had five points. Bob MacIntosh had six points, and Don Gray had one point.

February Last Month to Change Baseball Teams

February is the last month for parents or managers to seek a release for their son or player from a particular Granite City park district baseball program team before the 1967 season begins, it was announced today by Park Supt. Harold Brown.

To initiate the release a "Player's Release Form" should be filled out at the park district office at Wilson Park. Brown said no explanation is necessary, but the form has to be completed in order for the player to change teams.

"We want to make sure that every parent or manager knows he can change a player to another team if he chooses to do so," Brown said.

Once the form is completed, the player is eligible to play on any team where he can find an available position, or he can wait and be assigned after a pre-season drawing of names.

Warrior Cagers Lose 2 SW Conference Tilts

The Granite City Warriors fell victims to the hot shooting East St. Louis Flyers, losing at home 58-47 Friday and the local tribe dropped a tightly-fought Southwestern Conference game Saturday to Edwardsville 66-64 on the Tiger-Town court.

In the hard-fought Edwardsville contest, the Warriors led 15-12 at first quarter action halted. Jim Stuart, Jim Hentzel and Jeff Jones hit on two buckets each to lead the Warrior attack.

The Tigers, who scored their first field goal with 4:03 remaining in the 2nd quarter, hit on eight markers from the charity stripe as the Warriors committed five fouls. Sophomore Gary Simpson, a d and center Terry Moore, returning to action, canned six points apiece in leading Granite City to a 21-point period. Edwardsville trailed at the half 33-30.

A revitalized Edwardsville five hit on 9 of 11 field goal attempts in the third quarter. Edwardsville's Tom Deozit hit for six points and a d Scrapy Jackson swished on two jumpers as the Tigers outscored Granite City 19-12 during the period.

Nip and Tuck
With 4:05 remaining, Edwardsville gained a five-point lead, 53-49, by John Van Buskirk and Hentzel made the score 58-57, but Tiger Vince Jazon, who chalked up four important rebounds during the period, hit Deozit with a pass under the basket for a 48-57 edge.

A 15-foot jumper by Stuart put the score at 60-58, and Edwardsville called time. With play resuming the ball was fed to Deozit, who connected in a 10-footer at the head of the key for a 62-59 lead. After Hentzel made the score 62-60 on a free throw, the Warriors' Jeff Jones stole the ball from Jackson and hit a 15-footer from the corner for the equalizer.

The Warriors zoomed into the lead as Jim Hentzel hit on basket after a bad Tiger pass gave Granite City the ball. Deoz

Hot and Cold Warriors Host Undeclared Trojans Tomorrow

There are basketball games that decide conference and tournament champions and area games that involve longstanding rivalry between teams, but none can match a Madison-Granite City basketball game. The undefeated Trojans will vie with the hot and cold Warriors tomorrow at 8 p.m. on the Warrior court.

Last year, before a capacity crowd at Madison, the Warriors edged 70-63 by the Trojans. In the last 19 meetings between Madison and Granite City on the court, Madison holds a 14-5 edge in victories, including at one time a nine-game winning streak over the Warriors.

During the basketball seasons of 1964-65 through midway in the 1968-69 campaign, Madison's Trojans won nine consecutive inter-city games over the Granite City Warriors.

In the 1964-65 season, Madison eked out 57-53 and 62-55 wins. The teams met twice a year until the 1961-62 season, when it was decided to play only once during each regular season.

Granite City ended the Trojans' winning streak in their second meeting of the 1958-59 season by a 61-48 score.

The following year, Bob Price and Rich Williams (now the coach at Coolidge junior high) paced the Warriors to a 70-68 win over the Trojans and later clicked to clobber the Madison quintet, 89-64.

The season of 1960-61 saw Don Freeman, former University of Illinois cage star, help the Trojans to 71-52 and 70-58 wins over Granite City.

The Warriors got revenge in 1962-63 with a 64-40 win, and Madison won in 1963-64 by 64-55. In the 1964-65 match, Granite City edged Madison 71-70 in an upset. But the Warriors then lost to the Trojans 70-63 last year.

Returning cage players for this year's contest include Madisonians Gary Lusk, who tallied 14 points in the last Trojan-Warrior meeting, and Neal Podoba, who

tallied 10 points in the same game. Warriors Jim Hentzel, Bob Malottki and Terry Moore had nine, seven and six points in the game.

Tim Wallace (180 pounds) was the only Warrior champion, pinning his first two opponents at 4:30 and 5:30 and decimating his final opponent 6-2.

Two Warriors took second place: Rick Smith (180) and Mike Christopher (112). Smith pinned his first opponent in 1:58, won 8-6 and lost 7-5. Christopher defeated his first two foes 3-1 and 5-2 and then lost 11-2.

Three-place wins were recorded by Bob Miller (165), Bob Miller (95). Another Warrior, Drew Shands (133), took fourth place in his weight division.

In their own tournament held earlier this season, the Warrior sophomores had finished in sixth place.

1st Woman School Crossing Guard on Duty at Emerson

The first woman guard for a school crossing in Granite City is Mrs. Virginia O'Bear, who last week was assigned to the 20th and Benton streets crossing at Emerson grade school.

Mrs. O'Bear, who lives at 2013 Thirteenth street, was called to duty because of illness and mishaps involving regular guards.

Asked about her job, Mrs. O'Bear told the Press-Record, "I think this is a perfect job for a housewife who has reared her family, because in between guarding, you can go home and do your housework." Her hours are 8 to 9 a.m., 11:15 to 12:45 p.m. and from 2:45 to 3:40 p.m. each school day.

Lt. William Condis of the police department's traffic department, who supervises the 13 school crossing guards, said women can qualify as readily as men upon learning requirements.

The lieutenant conducts instructional sessions with each guard before giving them assignments. "I'll stand at the location during the first day to evaluate the guard's knowledge of the situations that arise."

Mrs. O'Bear commented that her only problem at the busy intersection was finding proper cold-weather clothing. "I ended up having to borrow my husband's jacket, because I found that women's styles are not suitable for the really cold weather." She added that the youngsters at

Emerson school are obedient to her instructions.

The only distaff member of the guard crew is the mother of three children — Raymond, 17, a sixth grader at Lake school, a ninth grader at Prather Junior high, and Aaron, 11, who is a sixth grader at Lake school.

The new crossing guard has been active in community affairs and also is Democratic committeewoman for Precinct 3. She has been a Girl Scout troop leader and served one term as president of the PTA at the now defunct Liberty grade school.

Mrs. O'Bear served as secretary-treasurer of the Granite City Civic League and also has worked part-time as a grocery checker. In 1961, she was a candidate in a First Ward aldermanic race.

Lt. Condis commented that Mrs. O'Bear has "checked out OK" on all phases of the crossing guard job. He believes her holding the post is unique not only to Granite City, but also in the area, as most cities hire men as guards almost exclusively.

Then again, a large number of the school bus drivers in the area are women.

Receives Promotion

Sgt. Billy G. Love, stationed in Germany since last October, was recently promoted from corporal to his present rank. He is a son of Mr. and Mrs. George Love, 113 Garesche Homes, Madison.

Students to Perform at Area PTA Banquet

A woodwind quintet composed of music students from Southern Illinois University - Southern Campus, including a local musician, will be featured at the ninth annual appreciation awards banquet of the Granite City Area Council of PTAs at 6:30 p.m. Thursday in the senior high school cafeteria.

The group which will perform several selections given in university concerts includes Miss Kathy Chastain of Granite City, Miss Linda Prater and Gregory Cahill, both of Collinsville, Miss Caroline Hadfield of Normandy, Mo., and Miss Joanna Hale of Brighton.

A "Founder's Day" theme will mark this year's annual dinner with Mrs. Ida Hanfelder, District 29 director, recounting personal experiences of early PTA activities. The district officer initiated the first area PTA unit at Mitchell school nearly 35 years ago.

Another highlight will be the announcement of the 1966-67 winner of the life membership award and pin, presented annually by the council to an educator or PTA member.

Selection for the award is based on outstanding contributions to education or PTA activities. This year, four candidates have been nominated by PTA units.

Dinner reservations may be made by calling Mrs. Raymond Tadlock at TR 7-1459.

Southern Illinois Day Planned for May 10

State Senator Paul Simon is among legislators helping to plan a "Southern Illinois Day" to be held in Springfield in the near future to "arouse and stimulate awareness of the many tourism advantages and business opportunities in the area."

A tentative date of May 10 has been set, and the special day is to feature a parade with bands, floats and marching units.

Social Security Assistance To be Given Here Thursday

Ralph Brasher, district manager of the East St. Louis Social Security office today reminded Quad-City residents that several representatives will be at the city hall, in Granite City, on Thursday from 9:30 a.m. to 2 p.m. to give assistance.

The Social Security representative will be available to assist anyone with questions about social security and medicare and filing applications.

All persons 65 or over and who have not filed for Social Security payments may contact social security representatives Thursday.

In addition, Brasher said that students between the ages 18

and 22 who are attending school and whose parents are drawing social security benefits or whose parent is deceased and insured under social security should meet the social security representative on the above date.

Brasher also pointed out that widows, age 60, whose deceased husbands had worked under social security should come in to discuss filing an application for widows benefits.

Those persons who intend to file an application should have with them their birth or baptismal certificate, and widows should have a copy of their marriage certificate.

Hearings Held on Bill to Hike Taxes For Municipalities

Hearings to increase sales and service taxes for municipalities were held last week by the House municipalities committee in Springfield.

The proposed bill would permit cities to hike sales and service taxes from a half cent to one cent, would set a five per cent tax on hotel and motel room rentals and increase other taxes.

The bill calls for hiking the cigarette tax locally from one to three cents, the cigar tax at 10 cents for a box of 25, 20 cents for a box of 50 and 10 cents for a pound of tobacco.

The retail tax being asked on

alcoholic goods would not exceed two cents per gallon on beer, eight cents a gallon on wine with 14% volume of alcohol and 20 cents per gallon of wine with more than 14% alcohol.

A bill was introduced by State Sen. Alan Dixon of Belleville to be drafted Friday. They are to report to the county selective service office in Edwardsville.

There is no local quota for youths to take pre-induction physical examinations this month. March quotas have not yet been received.

Violators now may be fined \$200 and given six months in jail. The new proposal would increase the penalty to a fine of \$500 and a year in jail. It also would require courts to notify all jailers in a county where a gambling stamp is registered.

100-Mile Ride Movie To Be Shown Tuesday

Hole Shot in Window
Eugene Wagner, 254 Grand avenue, reported at 5:40 a.m. Friday that a hole was shot through a window of his auto while it was parked at his home during the night.

Charged with Speeding
Jesse Quiroz, St. Louis, was arrested at Third street and Madison avenue by Venice police on a charge of speeding on Broadway Saturday night.

The public is invited to attend a free full-color movie, entitled "The 100-Mile Trail Ride," to be shown by the Trailriders Saddle Club of Granite City at 7:30 p.m. tomorrow in the YMCA.

Filmed in the Ozark region by Ralph Branson of Eminence, Mo., during the annual 100-mile horseback trek, the movie includes several sequences involving local club members who were participants last year. Nearly 1000 riders take part in the week-long trail ride, sponsored each August through the Missouri-Ozark hills.

Grand Jury Orders Reopening of Case In Beating of Man

The Madison county grand jury ordered a new investigation into the beating of a Wood River man last June 13 and was critical of county officials who permitted reduced charges for three men who were arrested in the case.

The jury heard evidence on charges against Terry Thewatt and James Stanley of Chouteau slough road, who had been originally charged with aggravated battery and battery, and William F. Boland, business agent for Carpenter's district council of

The Madison county, who had been the reduced charges, State's Atty. Leon Scroggins, who began his position in Jan. 1, agreed to present the case to the grand jury.

The grand jury reported that the case "should have originally been turned over to the grand jury."

"It is our opinion that charges made by the plaintiff should not have been dropped or reduced without adequate consultation and justification."

"Therefore, it is recommended that this case be thoroughly in-

Facies Charge
Police were summoned to 2418 Missouri avenue about 3:40 a.m. Saturday when they took into custody James Flanigan, 44, of that address on a charge of battery filed by Rita Flanigan, also of that address. Flanigan was later released on bond.

A progress report is requested to be submitted to the grand jury on Feb. 27."

Hospital to Sponsor Pancake, Sausage Supper
A family pancake and sausage supper will be served from 4 to 8 p.m. Tuesday in the St. Elizabeth Hospital cafeteria. The public relations committee is sponsoring the event in lieu of obtaining ads to cover expenses of National Hospital Week.

Tickets are \$1 for adults and 50 cents for children 12 or under and may be purchased at the door. Featured will be "all you can eat" of pecan, blueberry and buttermilk pancakes, country-style link sausages, hot maple syrup and coffee. A dessert is extra.

Book Store Policies Asked of SIU Trustees
The Illinois Chamber of Commerce will ask the Southern Illinois University board of trustees to adopt as a policy statement the contents of a bill introduced in the State Legislature to regulate university bookstores.

Book store operations were discussed at a special meeting of the Metro East Chambers of Commerce Association Thursday at the Lewis & Clark restaurant at East Alton.

James Broman, head of the education division of the state Chamber, will offer the recommendation at the Feb. 17 meeting of the SIU trustees at the local campus. He was a guest speaker at the Mecca meet and said it was preferred that no action be taken by the Legislature.

Plans also were made for George Berry of Alton, Mecca president, to present to the trustees a recommendation that the book store sell only books and other items necessary to the pursuit of studies. Those attending the meeting included Howard Kaseberg, president of the Granite City C. of C., and Howard Colquitt, who is to be the new executive secretary.

Steelworker Officer Council Supports Junior College

Support of the proposed Junior College referendum for Madison county and surrounding area has been given by the United Steelworkers Officers Council, it was announced today by Thomas Griffin, subdistrict director of the Steelworkers.

The council is composed of elected local union officers and committee men and represents over 11,000 steelworkers members who live in the area proposed for the Junior College.

The council noted this highly industrialized area of the county shows the basic need for a Junior College "to close the gap that grows increasingly larger each year in the educational facilities available to high school graduates who may not want to pursue a degree, but need further education to qualify as technicians and craftsmen."

"In addition," Griffin said, "educational facilities need to be available for re-training employees where technological improvements have changed or totally eliminated jobs in local industries."

Buddy W. Davis, steelworker staff representative and a member of the Illinois Commission on Automation and Technological Progress, testified at a public hearing and stressed junior college would specialize in two-year programs to enable citizens, young and old to meet the challenges of tomorrow.

Madison Police Issue 10 Speeding Tickets

Madison police operated a radar unit Saturday and issued 10 arrest tickets on speeding charges on Madison avenue and on Edwardsville road.

Receiving tickets were—Edgar Woodfolk, 1004 Douglas street; William Pruet of 85 Venice Homes; John Gigliotto, East St. Louis; Andrew Mosby, 1205 Market street; Kenneth Harris, 830 Alton avenue; Raymond Odell, 425a Broadway; Jessie Parron, 807 Mercedia street, and Edward Leach, St. Louis.

Robert Tidwell, 3225 Davis avenue, was issued a ticket on a charge of speeding on State street, and George Killingworth, St. Louis, was ticketed at Second and Jackson streets on a charge of operating a motor vehicle without a driver's license.

District 29 Planning Session Here Tonight

Spring programs to be sponsored by District 29, Illinois Congress of Parents and Teachers, including granting of annual scholarship awards to area students, will be the principal discussion topic at 7:30 p.m. today during the district's executive board meeting at the Mitchell Presbyterian Church.

Plans for district representatives to attend the state PTA convention in Chicago in April also will be made. Mrs. Ida Hanfeldor, District 29 director, said today.

District 29, which covers a three-county area, currently is sponsoring a 12-hour certified study course in basic PTA activities and objectives. The two remaining sessions in the four-part course will be held at Maryville school on Tuesday, Feb. 14, and Tuesday, Feb. 28. The classes are open to all PTA members, Mrs. Hanfeldor said.

Jury Trials Sought By Men in Fracas

Three men involved in a disturbance at the Robin's Nest tavern on Kerr Island, Venice, on Jan. 18, which led to the fatal shooting of another, pleaded not guilty to misdemeanor charges in magistrate's court Thursday and asked for jury trials.

They are Eugene Cox, father of three children who died in a fire at their home on Slough road on the same day, his brother, Roy Lee Cox, 18, of Slough road, and Gerald Armstead, 18, of Venice. They remained at liberty on recognizance bonds.

Eugene Cox is charged with fighting, aggravated assault mob action and resisting a police officer. The other two were charged with aggravated assault, mob action and resisting a police officer.

Jury trials are to be set in magistrate's court at Edwardsville. The Cox brothers retained an Alton attorney, and Robert Trone, county public defender, was assigned to defend Armstead.

While being taken to the Venice city jail after the fight, Allen Cox, 26, of Venice, a brother to the other two men, was shot and killed by a Venice police officer who was being attacked. A coroner's jury ruled the killing as justifiable homicide.

Explorer Scouts Live Up to Name Through 'Spelunking'

Speleology has no connection with spelling, Granite City Optimists discovered Thursday, but is the formal scientific name for cave exploring.

Penetrating and prospecting beneath the earth's surface, now the leading hobby of two local Explorer Scout posts, were described to the men's service group by Henry Helrich, chief power engineer at Granite City Steel Co., who serves as top advisor to Explorer Post 94, sponsored by the firm's Management Club.

A second local Explorer group, Post Six, sponsored by the Lutheran Laymen's League and led by Donald Beck, also carries out the cave exploration project in its overall scouting program, Helrich explained.

3 Basic Rules

Since starting the cave investigation project in 1965, the teen-age scouts are required to follow three cardinal rules, the advisor said—never go into a cave alone—always have several reserve sources of light with you—and let others know where and when you are going and the time you expect to return to the surface.

Helrich related the rules to the famous Floyd Collins cave, which gained national prominence in April 1925 when the cave explorer was trapped and died after attempts to reach him for ten days failed. Collins, the advisor said, violated all three rules and paid for it with his life.

Most of the cave exploring trips made by the local youths are in Missouri, Helrich said. "Spelunkers," underground explorers are called, wear fairly light clothing, as temperatures in Missouri caverns seldom varies from 50 to 60 degrees.

Basketball Kneepads

Along with sweat shirts and regular lightweight pants, the boys sometimes augment their attire with basketball kneepads for protection while crawling, he explained.

The advisor said that tennis shoes are usually worn, as boots too easily fill with water and become useless for climbing.

Hats which are worn with an attached carbide lantern, also are standard equipment worn by the spelunkers.

Several Explorer Scouts, garbed in spelunker gear, demonstrated the equipment for the Optimists, who were surprised by an impromptu addition to the group in the person of Optimist Past President Edward Stone.

"Ringer" Spelunker

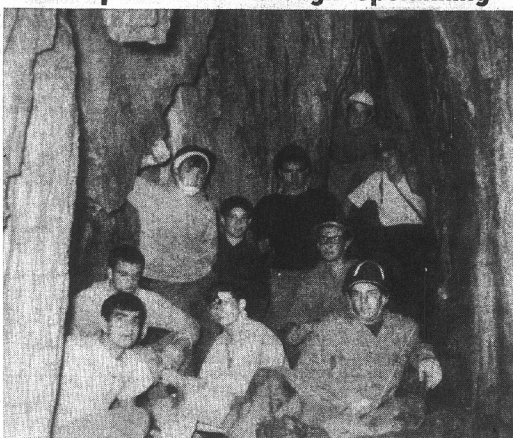

At first unrecognized by his fellow club members, Stone dressed in a makeshift outfit which included a Boy Scout tee shirt, old football helmet, affixed with an aluminum pie plate reflector and candle, and topped with a blackened face. Helrich explained the improvised outfit worn by the spelunker "ringer," actually had been used by a youth who was unable to provide himself with the proper equipment.

The youths displayed various types of fossils, stigmatites, and quartz material found underground. Included in the exhibition were several Indian artifacts and pottery pieces, which Helrich reported were uncovered by digging in the floors of caves.

The advisor stressed that none of the items were removed by chopping or breaking from cave walls and are only collected if found on floors or in crevices.

Emphasizing their amateur status, Helrich said most explorations are accomplished at two or three levels until additional experience is gained by the scouts. The advisor has three teenage sons in Post 94, Lenny, Paul and Jimmy Helrich.

Dr. Troyer, Optimist vice-president, introduced the Explorer leader who in turn presented Richard Nolan, Post 94 assistant advisor, and post members.

SPELUNKERS from Explorer Post 94 take a brief rest while investigating Onyx Cave, near Boiling Springs, Mo. Local scouts from Posts 94 and 6 rate speleology among their principal interests. Scouts shown from bottom left to top right are Jimmy and Paul Helrich, Terry Pierce, Mike Fronds, Bob Schrieber, Lenny Helrich, Richard Nolan Jr., Larry Nolan, Vincent Wiedhard and Joe Morrison.

Arthur Roseman Joins Optimists' 'Golden Circle'

Arthur Roseman, a long-time member of the Granite City Optimist Club, was honored Thursday noon during a luncheon meeting at the YMCA, when he received a certificate of membership in the "Optimist International President's Golden Circle."

The first member of the local club to achieve Golden Circle status, Roseman accomplished the feat in recognition of his achievement in five areas of club activities.

Wilbert Triebes, Granite City Optimist president, explained the Golden Circle rating was established last year by Robert H. Leonard of Knoxville, Tenn., following his installation as Optimist International president.

To gain Golden Circle membership, Triebes said, Roseman was required to hold a perfect attendance record at weekly meetings over a three-month period, personally contribute and participate in a community service activity, attend a regular meeting of the club's executive board, formally visit another area club and sponsor a new member into his own club.

Twenty-eight attended Thursday's luncheon meeting, including two guests, Rev. Lloyd Shoemaker of Tri-City Tabernacle, a guest of H. D. Karandjeff, and William Willman, an insurance company representative, a guest of Jack Dempsey.

Triebes announced a board of director's meeting for 5 p.m. today in the Metropolitan Insurance Co. office, in observance of Lincoln's birthday Sunday, this week's program will be focused that event by John McBride, head of the Counselors Education Program at Southern Illinois University-Southwestern, a m.p.u.s., who will be guest speaker.

A
Thought
for
Today

Rev. Boswell

It is your birthright and your
privilege to unite yourself in Spirit
with your Creator. You should al-
ways aim at seeing yourself as God
made you, a spiritual being created
in His Image and Likeness. This is
the perfect Spiritual Man, the "Only
Blessed Son." His is God's idea
of Himself that is inherent within
everyone of us.

Give all your thought, your love,
your determination, to the expres-
sion of Divine Self in you. As you
release your mind and your body
to the evidence of this "in-
dwelling Christ," you will be lifted
up, sustained, transformed, and
healed.

This is what Jesus meant when
He said, "I and the Father, are
one."

Small Caucus Turnouts Tuesday Would Aid Entrenched Officials

To the Editor:

There has been practically no publicity, other than the required legal notices, of the very important Democratic caucus to be held Tuesday at 7:30 p.m. at the State Park community building.

This is of vital importance to every Democratic voter in Nameoki township if they wish to have a voice in the party's selections.

Whereas the Democratic precinct committees should be making every effort to get all the Democratic voters to attend and select their nominees to represent the party on the April 4 ballot, they have already decided to hold a caucus quietly gathering only those who they know are sympathetic to their selection.

It is rather apparent that for many of us, our presence isn't desired. Why else would such an unlikely location for this important meeting be chosen?

CRIMES AGAINST PEOPLE MOCK JUSTICE, FREEDOM

To the Editor:

"The land of the free and the home of the brave." No truer words were ever spoken of the U. S. One must be brave to walk the streets at night, own a business or rear children in freedom. The U. S. defender of freedom, symbol of justice and equality, the model of the world, appears outwardly to be a peaceful society. But many problems rake our country internally.

Foreign aid programs to the needy and underprivileged of the world, to lands troubled by internal strife, while they give us freedom and plenty citizens fear for their lives and possessions.

A country supreme in technological achievements, which has sent men into space and developed medicines to save lives, hasn't progressed enough to safeguard its populace and prevent crime from reaching drastic proportions.

Has respect for the law decreased in recent years? Is America to pass into anarchy, violence and evil? Will the great power and influence of the U. S. fade into the twilight of glory, as have Rome, Greece and Britain? I have to answer:

Are we regressing to the days of "kill or be killed"? Have we not learned that we must first clean ourselves before we can clean others? These are serious questions that will affect all of us.

We see Red China torn in strife and civil war. Yet we have no comprehension that such a war is raging today in our homeland. The forces of evil are trying to overthrow the present of law and order that we hold so dear. The war is slow and painful—a man is attacked on the street, a shop owner is injured, a man is killed, vandals and hoodlums terrorize a neighborhood.

We are apathetic to our plight. We refuse to fight.

Was our great land founded to condone robbing, killing and victimizing of the innocent? No. The U. S. was conceived as a land of justice, a safe place in which to live and bring up children.

Lawbreakers have made a mockery of these truths and we have helped them. We have

instilled STOPPAGES AT SCHOOL CROSSING

To the Editor:

A dreadful accident occurred Friday evening, Jan. 27, on Pontoon road just as school was letting out. A man, hired to protect our children, was killed needlessly. Many of the children saw this accident and remember and wonder "why?" in later years.

I have five children who attend this school and three who will when they're older. My husband and I pay taxes as do you.

Please, all you parents, help us get a stoplight or a push-button light for that crossing.

One child and one guard have been killed there. How much more blood must be spilled before we all remember our children and our neighbors?

Contact your aldermen and your mayor. Help our children.

Sidelights From Springfield

Sees Ethics Law Talk But No Action

By SEN. PAUL SIMON

In the 1965 session of the Illinois General Assembly there was a flurry of activity in behalf of legislation to establish a code of ethics for state legislators and state employees, and calling for disclosure of what lobbyists spend.

The legislation had strong support early in the session two years ago but it gradually and quietly seemed to be dying.

Then the Chicago American printed verbatim accounts of what was reported to be a conversation between three lobbyists in a Springfield hotel, telling how they spent \$30,000 to kill a bill.

When the American hit the streets, ethics control lobbyists experienced a quick revival. The bill again bore the spirit of reform could triumph, time passed, the public became less concerned and the measure died.

Backed by Top Republican

In this session the first three measures introduced were similar measures, though stronger and better than the last legislation from the last session. Chief sponsor of the measure is the powerful President Pro Tem of the

Mandamus Suit Must Not Be Permitted To Restore Old Eight-Ward Boundaries

The mandamus suit filed last week against Granite City must be viewed in two ways, depending upon whether or not it blocks the ward reapportionment adopted by this city council Jan. 23.

The suit seeks to reduce the number of wards from eight to seven, but is timed so there would not be such a reduction for the 1967 election of council members.

If its intent and result are to assure that elections beginning in 1969 utilize a seven-ward plan, there can be little argument with the suit. Granite City lacks 50,000 residents, the number normally required before an eighth ward is created.

It will be recalled that Granite City added an eighth ward, composed of the former village of Nameoki, at the time of the merger in 1950.

Although subsequent legal interpretations have consistently indicated that only seven wards were authorized, municipal actions were not jeopardized and no one saw fit to seek a court remedy until now. It is generally assumed that the 50,000 population plateau would be reached within a short time, anyway.

But if the current suit serves to block the new eight wards and restore the old eight wards, through its unusual timing, it will have proved to be a hypocritical act. Based on a plea for seven wards, it would then turn out to be an effort aimed at keeping eight wards, but with old rather than new boundaries and continued duplicate polling places.

This might occur if the suit consumed implementation of the Jan. 23 redistricting to the extent that filing was not conducted on the basis of the new wards.

If the eight new wards are left intact for the April 1967 aldermanic election, the suit creates no particular problem and should be judged on its merits.

If it instead is a subterfuge reflecting no actual concern about the number of wards or residents, the maneuver should be given no aid or recognition by the courts.

Pedestrian Traffic Lights Needed

In view of the speed reached by Pontoon road traffic at the point adjacent to St. Elizabeth's grade school, the request for pedestrian traffic lights is reasonable and should be acted upon by the Granite City government.

Two fatalities have occurred at the school crossing. A third person was severely injured and there have been numerous accidents and near-misses. Further loss of life at this location must be avoided.

Highway Right-of-Way, Motorcycle License, Income Tax Proposals

Bills of local impact under consideration by the Illinois legislature:

H. 232—Provides that any 15 (new nine) Illinois residents who are members of a specific group with a common bond of interest may apply for permission to organize a credit union. Permits credit unions to cash checks and money orders for their members.

Those with assets of \$1 million or more and a reserve fund balance exceeding 93% of outstanding loans may increase their insured loan limit to \$1000 and secured loan limit to \$6000.

H. 234—Adds to Pharmacy Practice Act registration the further provision that after Sept. 1, 1967, registrants must be currently enrolled in a school or college of pharmacy. These with certificates expired five years or more may restore them by paying a \$45 fee and showing evidence satisfactory to the board of fitness to resume practice.

H. 235—Sets up new group of causes for refusal to issue or renew pharmacy licenses. Includes, including delivering hypodermic syringe for illegal use of narcotic drugs.

H. 237—Permits fire protection

Voters Should Attend Party Caucuses and Nominate Best Possible Candidates Tuesday

Even with the new state law restoring citizens' right to seek township offices as independent candidates, the township caucuses to be held tomorrow retain much importance.

If Quad-City area township residents are to have a strong voice in determination of their elected officials, they will need to turn out in large numbers to help select Democratic and Republican slates.

Tomorrow's nominees may or may not be victorious in April, but there will be greater assurance of outstanding officials being elected if both the independent and party candidates are of high caliber.

Although it has been indicated that there may be a few last-minute cancellations, the caucuses were formally scheduled including:

Nameoki township, supervisor, assistant supervisor and highway commissioner—Democrats, 7:30 p.m. at State Park community center, 3319 Harvard street; Republicans, 7:30 p.m. at township office, 4250 Highway 162.

Venice township, assistant supervisor and highway commissioner—Democrats and Republicans, simultaneous 3 p.m. meetings, both at the Madison recreation center, Seventh street and Lee avenue.

Chouteau township, highway commissioner—Democrats, 7:30 p.m. at the township relief office, Old Alton road, Mitchell; Republicans, 7:30 p.m. at the Mitchell water district garage, 745 East Chain of Rocks road, Mitchell.

Any of these nominating meetings that are held deserve the active interest and participation of all who are qualified to take part. If even better independent candidates come forward, voicing the party caucuses will not obligate those going to the polls in April.

Full Allocations for United Fund Agencies

The decision to authorize full United Fund allocations to member agencies is heartening. The recent drive did not quite reach 100%, but it was close enough to permit a full distribution for the third consecutive year.

It is essential that Quad-Cityans provide adequate support, since agency spending is kept within tight reins. With no unnecessary costs considered in developing the overall budget, every dollar sought is important.

There is increasing and justified pressure to provide more funds so that various agencies can carry out some of their programs currently being curtailed. The trend in local United Fund goals will be to be up, not down, and this prospect can be approached with more confidence if, as has happened for the last three years, existing contribution targets are being achieved.

'Full Speed Ahead' with South Nameoki Road, Frontage Street Improvements

Judging by the constructive attitude being taken by District Highway Engineer Kronst and Granite City municipal officials, the long-planned road south to Highway 162 and construction of the Great River Road frontage street can be carried out in 1967.

All have indicated they will move with the speed necessary to get these projects under way before dwindling 1967 road funds are exhausted.

It is vital that these projects be brought to a conclusion because many more key street and highway improvements remain to be carried out within this community. The completion of these projects will permit attention to be focused on additional projects, as well as bring many traffic and safety benefits to themselves.

Future Highway Locations

H. 239—Allows the Highway Division to establish at present the approximate location and widths of rights-of-way for future additions to the state highway system. City officials, including Mayor Krueger, are supporting the bill to speed up the process of highway location and development. Public hearings required.

H. 240—Bans license to operate a motor vehicle with less than four wheels unless an appropriate license examination has been passed, including demonstration of ability to exercise control of the vehicle. Requires every license holder to indicate whether the holder is restricted to operation of vehicles with four or more wheels.

H. 241—Sets conditions under which motorcycles may pass between vehicles proceeding in the same direction or on the right of a vehicle going in the same direction. Authorizes state and local authorities to limit use of highways by motorcycles; permits a motorcycle ban on heavily-traveled highways up to a total of six hours in any one day. Requires persons riding motorcycles to wear helmet with neck or chin strap and reflectorized on both sides.

Income Tax Questions, Answers

Q. I have several W-2 forms, since I worked for several people last year. Should I attach all of them to my return or can I add them up and give you the totals?

A. You should attach Copy B of all your W-2's to your return. Only the total amount will be entered on your Form 1040. Failure to do so will subject you to a penalty for failure to file a true and correct return.

Q. I changed jobs last year and now find myself driving a mile a day to get back and forth to work. Can I deduct 10 cents a mile for driving?

A. No. Commuting to and from work is a personal expense and is not deductible.

Contest Prices Taxed as Income

By JAY G. PHILPOTT
District Director, IRS

Q. I won a prize in a contest run by my local filling station. It was cash. Do I have to report it as income?

A. Yes, you do. Prizes such as yours as well as money or merchandise won in lucky number drawings, radio and television contests or from any sales promotional program are taxable and must be declared as income.

Q. My name was misspelled on the 1966 package I received in the mail. How can I correct this?

A. Make the change on the 1966 you received by marking through the error and entering your correct name.

It is helpful for us to get the corrected label back to aid in identifying the error and making the necessary changes.

Q. If your Social Security number is misprinted, please correct it in the same manner.

Q. Are child support payments deductible?

A. Child support payments are not deductible to you nor are they deductible to your ex-wife.

However, if you—rather than your former wife—provide more than one-half the cost of the child's household taxes, then you may claim the 50% dependency exemption on your return.

A Student's Viewpoint

State Legislative Districts Will Continue to Shift With Population

By PHYLIS CZYZEWSKI
University of Illinois Student

Prior to the U. S. Supreme Court decisions establishing the "one-man, one-vote" doctrine, the Illinois General Assembly was organized on the same level as Congress. That is, one house was elected on the basis of population and the other elected on the basis of area.

Then, in 1962, the court broke a six-year precedent and decided that it did have the right to intervene in state legislature reapportionment problems. The series of decisions which followed culminated with the Reynolds vs. Sims decision of 1964.

This decision, in addition to implementing the one-man, one-vote doctrine, ruled that the principle had to be applied to both houses of the state legislature.

This overruled the Illinois Convention of 1954 which specified the "little federal plan" giving rural areas more power than urban areas in the state house. The Illinois Constitution was contrary to this Supreme Court decision and had to be revised or repealed every two years.

The net effect of the U. S. Supreme Court decisions on reapportionment, necessitated only one change in the Illinois Constitution. This change involved the election of senators by the population instead of on the basis of area.

Whether the method in which senators were elected in November 1966 will demand another constitutional change remains to be seen.

Growth, Mobility

Reapportionment in Illinois is expected to be a problem as long as populations continue to grow and the state continues to expand. "These problems will be periodic and will happen every time that the legislature has to be reapportioned according to the index division in the Illinois constitution," Don Head, secretary of state's office, comments.

It seems likely that although changes have been made in the state concerning reapportionment, these changes will become obsolete in the future and, the Illinois Supreme Court will in turn be changed.

50 YEARS AGO

FEBRUARY 6, 1917

The class of '17 of Granite High school is giving a penny carnival at the school. One of the greatest attractions is a menagerie containing animals of all kinds.

It was difficult for the interested to collect such a large number of animals, so they hit upon the scheme of offering prizes to other students who might bring exhibits to the show.

The big plate glass window in the office of the Granite City Realty Co., Niedringhaus avenue and D street was blown out again by the high wind. Workmen had just finished replacing the glass when a lecture by Nelson A. Kerr, Kirkwood, Mo., superintendent of the Kirkwood schools, was given. The lecture was entitled "Dual Spirit Through School Spirit" and building stands in a location was illustrated with slides.

25 YEARS AGO

FEBRUARY 6, 1942

In accordance with the time schedule which has just been passed by Congress, and in keeping with the suggestions of the city council, the Community High School Committee on Emergency Activities has voted to move the school clocks up to the noon wartime schedule.

This decision was made after viewpoints of various students were received in the public speaking classes. It was felt that these students gave a thorough cross-section of opinion on the matter.

Dissatisfied with National Enameling and Stamping Co. progress in settling a grievance over working conditions of employees of the graniteware department quit work for two hours, returning to their jobs when a P. R. settlement was reached.

Mrs. Yunovic Named Winner Of Secretary 'Lace' Award

In a surprise announcement at the Thursday evening dinner meeting of the Tri-Cities Chapter, National Secretaries Association, held at The Round Table restaurant, Collinsville, Mrs. Charlise Yunovic, CPS, received the coveted "LACE" award presented annually to the chapter member receiving the most votes.

The award, original with the local chapter, but now copied by other chapters in the Illinois and Indiana Divisions, is based on four qualities of the recipient, the first letters of which form the word "LACE": which are: Liked by all members, Active in all NSA projects, Co-operative in all chapter events, and Enthusiastic about the National Secretaries Association.

This is the fifth year the award has been presented. Other winners are Mrs. Mary Sedekum, Mrs. Dorothy Smolek, Miss Twila Edmonds and Mrs. Helen Giessele.

Mrs. Yunovic is a charter member of the Chapter. She has been employed at General Steel Industries for more than 20 years, and is secretary to C. Powell Whitehead, chairman finance committee. She and her husband, Walter, are parents of two daughters, Nancy, 10, and Carol Lynn, 6. In addition to serving as editor of the chapter bulletin and the NSA Notebook, she is chairman of the Home Service committee for the state of Illinois.

Mrs. Giessele, president, called the meeting to order after the 6:30 dinner, and introduced a guest, Connie Wallace, secretary to L. F. Bots, mechanical superintendent of General Steel Industries, and the speaker of the evening, Vasil Eftimoff, boys counselor at Prather junior high school and a member of the board of directors of the Granite City public library. In line with the international policy, the February meetings throughout the country deal with the association program of the year, "Your Library - How is It Stacked?"

Eftimoff distributed an eight-page booklet on the history of the library. It started with just 50 books borrowed from the

MRS. CHARLISE YUNOVIC

State Extension Library at Springfield by the Granite City Women's Club in the early 1900s and placed in a florist shop on Delmar avenue belonging to Miss Anna Krug, Miss Krug, an acting librarian, circulated the books to the public from an old trunk. The library was organized by the City Council under the laws of Illinois on March 21, 1912, and the first board of directors was appointed by Mayor M. E. Kirkpatrick.

High school and college students form the majority of the library patrons, according to Eftimoff. Total distribution last year was 383,583 for 28,015 borrowers and 82,972 accessions. The meeting in March will be held at the Rose Bowl and the program, a "Bosses' panel, will be composed of Walter Elliott, controller at the Heenges Co., St. Louis; Paul Kemp, plant manager at A. O. Smith Corp.; Harry Thebaud, State Farm agent and current "Boss of the year" for the Tri-Cities Chapter; and George Eubanks, information officer at the Granite City Engineer Depot. Hostesses will be Miss Joan Ashbaker, Mrs. Giessele, and the service committee. The next board meeting will take place Monday, Feb. 13, at 7:30 p.m. in the home of Mrs. McConnell.

MRS. DENNIS E. BANKER, the former Lana McDaniels, a daughter of Mr. and Mrs. George McDaniels, 3502 Franklin avenue, who was married Saturday evening at St. John United Church of Christ.

Miss McDaniels Becomes Bride of Dennis E. Banker

The wedding of Miss Lana McDaniels and Dennis E. Banker took place Saturday evening at St. John United Church of Christ.

The bride is a daughter of Mr. and Mrs. George McDaniels, 3502 Franklin avenue. Mr. Banker's parents are Mr. and Mrs. O. C. Banker, Chicago Heights, Ill.

Lighted candles in hurricane lamps entwined with smilax and white satin ribbon in the main aisle, together with altar bouquets of white flowers, palms and ferns provided the setting for the 7 o'clock ceremony performed by Rev. Paul A. Barker, church.

Mrs. Joseph Bilbey, vocalist, sang "The Wedding Prayer" and "At Dawning," accompanied by the organist, Mrs. Isabel Schmidt.

The bride was escorted by her father. She wore a gown of ivory delustrated satin. Floor-length, it was designed with a natural waistline, a scoop neck and long sleeves. Imported Chantilly lace trimmed the bodice, the bell silhouette skirt and bordered the full sweeping train.

A forward headpiece formed of lace leaves with pearl trim held secure the bride's tiered veil of imported illusion, and she carried a cascade of white roses and stephanotis.

Mrs. Robert Stach, a cousin of the bridegroom, matron of honor, and Miss Connie McDaniels, the bride's sister, Mrs. Paul Abernathy, Kent Fletcher, bridesmaids, and Colleen McDaniels, a younger sister of the bride, as junior maid, were dressed alike in gowns of French blue velveteen styled with scoop necklines, modified Empire bodices and floor-length A-line skirts. Ecru-tinted Venise lace formed caplet sleeves and their headpieces were matching flowers trimmed with pearls and d'arling.

They held white fur muffs to which were pinned blue carnations.

A little flower girl, Judy Banker, a cousin of the bridegroom, dressed like the older attendants, carried a basket of blue carnations. Shane Johnson, another cousin of the bridegroom, served as ring bearer.

Mrs. McDaniels, the bride's mother was in a fuchsia dress with light pink accessories. Her flowers were yellow and white carnations.

Ted Kampenga was best man for his cousin, and groomsmen and ushers were Robert Stach, Gene Johnson, Joseph Hoover, Ben Berkman, Tom Abernathy and Joseph Aida.

A reception was held at the VFW hall for approximately 300 guests, and the newlyweds left later for New Orleans, La., where they will attend the Mardi Gras. When they return they will reside in Aurora, Ill.

After graduating from the Granite City schools, the bride attended Illinois State University, Normal, where she received a B.S. degree in Elementary Education. She will teach at the Greenman school in Aurora beginning Feb. 13.

Mr. Banker was graduated from McHenry high school in McHenry, Ill., and attended Arkansas State College in Jonesboro, Ark. He is employed in Aurora.

The rehearsal dinner was given Friday evening at the Rose Bowl by the bridegroom's parents.

Knollman-McGuire Nuptials Friday in St. Louis

The wedding of Miss Patricia McGuire, a daughter of William McGuire, 8367 Mayfair place, St. Louis, and David G. Knollman, assistant secretary-treasurer of First Granite City Savings and Loan Co., took place Friday evening at St. Paul The Apostle Church in St. Louis.

The Rev. William Poeppert officiated at the 7:30 candlelight service.

The bride wore a floor-length gown of yellow organza and carried a bouquet of white gladiolus.

She was attended by her sister, Mrs. Barbara McGuire, as maid of honor, Mrs. Dorothy Thieme, matron of honor, and two junior bridesmaids, Misses Barbara and Beverly Bowman, her nieces.

The honor attendants were in dark pink chiffon with bouquets of light pink Fuji mums, and the younger girls wore light pink chiffon and held bouquets of dark pink mums.

Barry Bowman, the bride's nephew carried the rings.

The bridegroom, a son of Mr. and Mrs. Maurice Knollman, 5600 Gatesworth, St. Louis, had James F. Plummer as best man, and Robert Swietek of Granite City, Charles Tessaro and John O'Neal, as groomsmen and ushers.

After the ceremony a reception was held at Club Imperial, 6324 W. Florissant, St. Louis.

The bride, a graduate of Laboure high school, is employed as a secretary by a St. Louis savings and loan firm.

Miss Louella Deterding, sick and in bed, gave her report. Birthdays of Mrs. Mildred Buenger, Mrs. Estee Werner and Mrs. Mae Schuttkofke were observed.

The next meeting on March 2 will open at 9 a.m. and the Bible study at 11 a.m. The Lenten meditation will be held in the afternoon.

In Memoriam 33
In loving memory of JOHN
NICOL, Feb. 5, 1958:
You're not forgotten father, dear,
Nor ever shall you be.
As long as life and memory last
I shall remember thee.
Sadly Missed by—
FAMILY. 32-26
In loving memory of CYNTHIA
WECKMAN, Feb. 8, 1966:
We do not forget you, nor do we
intend.
We think of you often, and will
be glad to hear from you when
you are well.
Sadly missed by—
PARENTS, BROTHER,
GRANDPARENTS, AND ALL
WHO LOVED HER. 32-26

Nobody knows but God above,
The anguish he had stood.
With a broken heart I'm sure he
listened to my cry.
When his speech was lost but his
hearing survived
So what could he do,
But beckon God's call and leave
this old world of trouble and
grief.
My heart it is broken, I grieve
now in sorrow.
But Dad made it to a
brighter tomorrow.
Sadly missed by their lonely
daughter who loved them both
so much.
MILDRED SERR. 32-26
In loving memory of GEORGE
FLEET, who passed away Feb.
2, 1966:
We shared in love and in sorrow,
In laughter and in tears.
As we pass this too missing you,
We never miss you years.
Sadly missed by—
WIFE, FAMILIES, and
THEIR CHILDREN, and by
all who knew him. 32-26
A thought to think about, in
memory of mom and dad, MR.
AND MRS. BEN BRIMER.
Their families have caused them
to be remembered.
As they rest they shed in grief,
But their worried life is over,
As they sit at Jesus' feet.
We've all caused them sorrow
and heartache.
Who says they have not, "It is
not so!"
"It will meet them some day."
Fall down on your knees and
pray.
For the way that we live,
We could never get in,
Unless some changes are made.
Their children they raised,
All have different ways.
And each one thinks they are
lost.
So there's not a stone,
And the price you alone—you
will pay.
So now do your best
God will handle the rest.
Life goes on with us that are left,
For the worry we gave can never be
paid.
For what we have reaped we
must sow.
Your conscience goes on,
You know right from wrong.
The whole world you may
decide.
But God up above
Knows nothing but love.
Can you really love Mom and Dad
some day?
MILDRED 32-26
In loving memory of CARRIE
POUNCE, Feb. 7, 1966—

Nobody knows but God above,
The anguish he had stood.
With a broken heart I'm sure he
listened to my cry.
When his speech was lost but his
hearing survived
So what could he do,
But beckon God's call and leave
this old world of trouble and
grief.
My heart it is broken, I grieve
now in sorrow.
But Dad made it to a
brighter tomorrow.
Sadly missed by their lonely
daughter who loved them both
so much.
MILDRED SERR. 32-26
In loving memory of GEORGE
FLEET, who passed away Feb.
2, 1966:
We shared in love and in sorrow,
In laughter and in tears.
As we pass this too missing you,
We never miss you years.
Sadly missed by—
WIFE, FAMILIES, and
THEIR CHILDREN, and by
all who knew him. 32-26
A thought to think about, in
memory of mom and dad, MR.
AND MRS. BEN BRIMER.
Their families have caused them
to be remembered.
As they rest they shed in grief,
But their worried life is over,
As they sit at Jesus' feet.
We've all caused them sorrow
and heartache.
Who says they have not, "It is
not so!"
"It will meet them some day."
Fall down on your knees and
pray.
For the way that we live,
We could never get in,
Unless some changes are made.
Their children they raised,
All have different ways.
And each one thinks they are
lost.
So there's not a stone,
And the price you alone—you
will pay.
So now do your best
God will handle the rest.
Life goes on with us that are left,
For the worry we gave can never be
paid.
For what we have reaped we
must sow.
Your conscience goes on,
You know right from wrong.
The whole world you may
decide.
But God up above
Knows nothing but love.
Can you really love Mom and Dad
some day?
MILDRED 32-26
In loving memory of CARRIE
POUNCE, Feb. 7, 1966—
There's many a lonely heart-
ache
And many a hidden tear;
But always a beautiful memory
Of one we loved so dear.
Sadly missed by the family 32-26
